

Car Rental for Mobility customers

mobility

The unique solution for global mobility

For many Mobility customers, Car Rental is the preferred option for utility and special-purpose vehicles or long-term hire for 30 days or more. A smart decision: Europcar and Hertz offer special terms in Switzerland and abroad.

Car Rental can be used in lots of ways

Our car rental partners Hertz and Europcar are also available to our cooperative members and subscription holders as follows:

Rentals in Switzerland and abroad

Both providers operate dense networks of branches, and rental vehicles can be hired for longer periods, even a month or more.

Rentals starting abroad

For holidays, business trips, etc.

Special-purpose rentals

These include utility vehicles with a hydraulic ramp or luxury vehicles for special occasions.

Favourable terms

Thanks to the partnerships with Europcar and Hertz, Mobility customers benefit from preferential terms from these providers in Switzerland and abroad.

Visit www.mobility.ch/car_rental for current prices, links to rental offices and further information.*

The prices indicated in the price lists are only a guide. Reservations made online are subject to the prices prevailing at the time of booking, less an additional discount of at least 10%.

* The preferential terms for Mobility customers apply to the Swiss websites www.europcar.ch and www.hertz.ch. Prices are updated daily, which can lead to fluctuations in discounts that are beyond Mobility's control.

Car Rental for Mobility customers

It's as simple as this

Book passenger cars and utility vehicles from our Car Rental partners in Switzerland and abroad – it's simple using Mobility's online customer portal ("Car Rental" tab).

- Click on the desired partner's link.
- Enter your booking details and make your choice.
- The discount for Mobility customers is already entered in the link and automatically calculated.
- Use your credit card to make the payment.

Save with the customer programme

Join a partner's customer programme – it's free and you benefit from a number of advantages:

- Avoid time-consuming formalities and long queues. Your contract and rental car are waiting for you when you arrive: you need only show your driving licence.
- Take advantage of the bonus systems and special services for members of the customer programmes.

Details are available on the Mobility customer portal under the "Car Rental" tab.

Good to know

Car Rental solutions for rentals in Switzerland booked via Mobility include:**

- Unlimited mileage (only applies to passenger cars)
- CDW (collision damage waiver)
- TP (theft protection – limits your liability in the event of theft)
- Additional driver (Hertz only)
- Tolls
- VAT

**For long-term rentals, the conditions from the partners' offers apply.

The prices do not include:

- Fuel
- Liability disclaimer (additional insurance)
- Additional equipment
- Airport taxes
- Young driver surcharge
- One-way rentals at winter resorts

Rentals abroad: the minimum driver age and entitlement to make reservations are dependent on the country and vehicle category.
